

# AVAIL COAT RACK

**SAM HECHT & KIM COLIN ON THE DESIGN** “The emphasis for the Avail Coat Rack was not necessarily to create something different but rather something better—a design that will last for years and give satisfaction in daily life. Working from the belief that a pleasant life is generated by the sum of its parts, the Avail Coat Rack is designed with the values of simplicity, honesty and utility. Through its hooks that can be continuously rearranged while adding notes of color to the warm touch of its oak surface, the Avail Coat Rack can evolve with our changing daily needs and reflect our perspectives with its small plateau upon which images, postcards and other objects can be placed.”
