Large (A4): H4,5 x W25 x L34 cm

## Colour

Oak  
Black rubber band

## Material

Solid oak  
Rubber band

## Year

2017  
2020

Designed in Denmark  
Produced in the EU

Life is complex and full of things. Pencils, staplers, bills, keys, glasses, magazines, chargers, papers all need their own place. Organise does what it says: It gives them that place – it organises.

Organise is available in two sizes, small (for A5) and large (for A4). Each one is made of solid untreated oak and is held together by a single rubber band. It is made for organising your home and keeping your desk neat and tidy.

Organise is made of four parts, a bottom and a rubber band. Like all other MOEBE designs, Organise is component based. This is part of our sustainable design approach. Our products are made to last, but should a part get damaged, it is easy to repair by only replacing that one part - not the entire product. Organise can easily be disassembled, separated in parts and recycled.
