APOLLO WALL SCONCE

HIGHLIGHTS

- Part of a progressive and technologically advanced lighting collection
- A new member of the Apollo family, Apollo Wall Sconce is a sculptural and functional interpretation of the classic wall sconce
- Contemporary take on nostalgic and familiar design.
- Comprises three mouth-blown opal glass shades on curved tubular arms
- Retrofit G9 LED bulb light source
- The Apollo Wall Sconce is ideal for highlighting areas and creating atmosphere in a variety of private and public places
- Qualified for contract use
- Suitable for both indoor and outdoor environments

APOLLO WALL SCONCE DESIGN BY STUDIO 0405

Designed by STUDIO 0405, the Apollo Wall Sconce is a contemporary take on a classic lamp archetype, sharing basic structural characteristics of the traditional sconce updated in a sculptural and functional design. Comprising three mouth-blown opal glass shades atop curved tubular arms, creating a contrasting expression between the handcrafted, organically shaped shades and the industrial anodised aluminium tubing. Once mounted on the wall, the Apollo Wall Sconce can be used for highlighting a specific area or adding atmosphere to a variety of private and public places.

Nicolaj Lorentz Mentze is a Danish designer and the owner of Copenhagen-based architecture and design firm STUDIO 0405. He graduated at Kolding School of Design in Denmark, specialising in Product Design, before establishing STUDIO 0405 in 2015. STUDIO 0405 is a design studio working in the intersection between space and object. It explores the culture of design's historic, technical, and aesthetic properties and how it can be qualified and further developed in an object. The studio plays with our surroundings that enhance the everyday life and the dialogue between object and human in a given context through inherent materiality and craftsmanship. The studio collaborates with other creatives such as artists, photographers and craftsmen on design projects with a wide range of clients. For HAY, Nicolaj Lorentz Mentze has created the Apollo Lamp Collection and the Tiny Collection of vases and candleholders.

Apollo Wall Sconce

MATERIALS

SHADE
Mouth blown glass shades

ARM
Anodised, bent aluminium tube

WALL BRACKET
Wet sand sprayed, cast aluminium

RUBBER CAP
Moulded silicone

PRODUCT INFORMATION

DESIGN YEAR
2023

COUNTRY OF ORIGIN
China

COLOUR & FINISH

Please note that the colours are indicative

DIMENSIONS

APOLLO WALL SCONCE
Width 48 cm
Depth 20 cm
Height 26,5 cm

TECHNICAL SPECIFICATION

RECOMMENDED LIGHT SOURCE
LED G9 (3 pcs.), 3-5W (max. 5W), 300-600lm, 2700-3000K warm white
Bulbs not included

DIMMABLE
Yes
If used in conjunction with a wall-mounted dimmer and suitable LED bulb

POWER SUPPLY
220-240V AC at 50/60Hz

IP
20

CORD LENGTH
Integrated in the wall

SWITCH
No

TEST SPECIFICATION OUTPUTS

Photometrics and the test specification shown is taken using the recommended LED bulbs fitted in the production luminaire

LUMEN (LM)
756lm

CCT (KELVIN) & CRI (1-100)
The levels will vary depending on the type of bulbs used in the lamp

PHOTOMETRICS

CERTIFICATES

CE APPROVED
This product has been assessed and complies with the essential requirements of the relevant European directives.

LED   IP20   

Tested according to the following European EN IEC standards which relate specifically to electrical lighting products including.

- EN 60598-2-1 (portable luminaires)
