

# ENFOLD SIDEBOARD

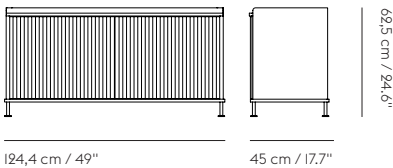

**THOMAS BENTZEN ON THE DESIGN:** “Enfold Sideboard came from the many factory visits that I do as a designer, prompting me to explore the aesthetic appeal of industrial objects. I wanted to translate this element into modern storage together with an appreciation of the Scandinavian design tradition. The Enfold Sideboard combines the warm touch of oak, referencing the wooden sideboards of the 20th century, with the contemporary expression of its ridged steel front, softening up the cold material and binding it together with the sideboard’s oak components. The design is a new perspective on the traditional sideboard with an elegant and simple look, complemented by a unique duality of materials.”

**ABOUT THE DESIGNER**

Thomas Bentzen, former designer at Louise Campell Studio, started his own studio in 2010. He is the co-founder of the design collective REMOVE and his products have received international recognition at fairs and exhibitions all over the world.

**CATEGORY**

Sideboard

**ENVIRONMENT**

Indoor

**COUNTRY OF PRODUCTION**

Sweden

**PREASSEMBLED**

Yes

**DESCRIPTION**

The Enfold Sideboard combines industrial materiality with residential references for a new perspective on modern storage. Made from a lacquered steel that gently enfolds its top and bottom in solid oak, the Enfold Sideboard fuses cold and warm materials for a unique expression, paired with the vibrantly modern expression of its ridged steel doors. The design comes in two sizes: one vertical and one horizontal, both with adjustable shelves to either side of its middle—the horizontal sideboard has one shelf to either side of its middle to be placed across five different levels while the vertical sideboard has one shelf to either side of its middle to be placed across three different levels. Both sizes have outlets for cables inside.

**PRODUCTION PROCESS**

Made from a lacquered steel that has been bended to gently enfold the top and bottom in solid oak along with sliding doors in punched steel for a ridged surface.

**MATERIAL**

Body, shelves and sliding doors in lacquered, bended steel. Top and base in solid oak with a matte clear lacquer.

**MADE-TO-ORDER**

The color Sand Yellow and other color combinations in Dusty Green, Grey and Black are available as made-to-order.

**SPARE PARTS**

Shelves for Enfold Sideboard Tall and Low is available as a spare part to order. Available in Black, Dusty Green, Grey and Sand Yellow.

**CLEANING AND CARE**

Wipe off with moist cloth and remove excess liquid with dry cloth.

**TEST & CERTIFICATIONS**

EN 16121:2017+A1:2017 - L2: Extreme use  
Non-domestic storage furniture – Requirements for safety, strength, durability and stability.

EN 16122:2012 - L2: Extreme use  
Domestic and non-domestic storage furniture – Test method for the determination of strength, durability and stability.

Both tests were conducted using Enfold Sideboard Tall version.
