

CERAMIC TABLE

HIGHLIGHTS

- HAY's collaboration with Muller Van Severen continues with the Ceramic Table
- An outdoor table defined by its minimalistic expression combined with a bold use of colour
- Combining glossy glazed porcelain tabletop with powder coated steel tube column and an exposed aggregate concrete base
- The tables universal appeal makes it easy to pair with a wide range of HAY chairs in a variety of outdoor spaces
- The table has a hook feature underneath the tabletop, enabling multiple tables to be securely linked together by wires
- Suitable for a wide variety of outdoor, private and public environments
- Qualified for contract use

CERAMIC TABLE DESIGN BY MULLER VAN SEVEREN

HAY's successful collaboration with Muller Van Severen continues with the Ceramic Table – an outdoor table characterised by the designers' signature minimalistic expression combined with their bold use of colour. The familiar table archetype is clearly defined by the round porcelain table top and concrete base, which draws together a strong sense of proportions and solid presence of colour in the material. The table's simplicity and intuitive design language give it a universal appeal that makes it suitable for a wide range of cafés, gardens, and other private and public spaces.

Fien Muller and Hannes Van Severen

Ceramic Table family

Ceramic Table family

Ceramic Table | Bright yellow

Ceramic Table | Light mint

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC™-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
