Nordic avant-garde

There is something both earthily Nordic and expressively avant-garde about the collection of small tables that go by the name Pine. The tables are made from solid pine in a characterful and sculptural design. The choice of pinewood sets the tone for the design of the Pine tables. The tables gain a pleasing organic quality from the wood's distinctive grain, and the overlooked wood species is given new life in a playful form. With its voluminous octagonal foot, Pine can lend prominence and vigor to any room.
